

# FPV RACE | LIPO SAFE POUCH

Keep your LiPo's organized.  
And safe.

For racing you need power. And lots of it. Lithium Polymer batteries provide you the punch needed to fly hard and fast.

The LIPO SAFE POUCH is made of high quality, fire retardant fiberglass fabric and a treated polyester shell, giving you the security and ease of mind to take your LiPo's with you wherever you want to race.

It safely stores up to 15 LiPo's. And the pouch is purposefully designed to perfectly fit inside

- Quad PITSTOP Backpack and
  - Quad PITSTOP Backpack PRO,
- making it the perfect race companion
